

OAK

- Strong open grain pattern
- Color variances from light to dark red within panels
- May include mineral deposits, small worm holes, knots and vibrant grain patterns

MAPLE

- Subtle tight grain pattern
- Smooth uniform appearance
- Color variances from soft white to reddish brown
- May include mineral deposits, small worm holes or knots

HICKORY

- Typically has a straight grain pattern
- Sapwood is white while the heartwood is pale to reddish brown
- Strong and shock resistant

CHERRY

- Unique grain patterns
- Color variances from light blonde to dark brown
- Naturally darkens as it ages
- Mineral streaks (pitch pockets) randomly occur
